Mr Releigh Mackey
1831 E. 53 St.
Los. Angeles Cal.

Dear Mackey:

I have been expecting an answer from you to my letter for the past week. I decided to write you again, and see if you received it. You know of course, it will soon be time to leave for camp, that is if we hope to play this year.. Eveyone seems to think this should be the best year yet. I hope they are right.

Please answer and let me know if you are thinking of coming east to play. We would like very much to have you. If you have decided definitely you are not interested, please let me know so I can get busy tring to get another man.

If you are interested, there may be some good man out that way you would reccomend. We have lost a lot of good men as you no doubt have heard. Wells has promised to stay this year. He will be a big help. and we have had several good men classified in 4F. If they do not reclassify them we should have a good team. However we could stand another infielder and outfielder.

I will appreciate very much hearing from you right away one way or the other. I hope you are well.

Very Truly Yours
